Public Notice of Intent to Apply for 21st CCLC Grant Funding

The Springfield Urban League intends to apply for 21st Century Community Learning Centers funding. If awarded, this funding will support comprehensive after-school programming for elementary, middle and high school students at several Springfield District 186 Public Schools sites.

The purpose of this federally funded program is to establish Community Learning Centers that operate during out-of-school hours and provide students with academic enrichment opportunities in concert with activities designed to complement the students' school-day matriculation. The program will also give the prospect for students and their families to continue to learn new skills and discover novel abilities after the school day has ended.

For more information please visit the Illinois State Board of Education web site. http://www.isbe.net/funding_opps/htmls/rfp.htm
