## Immunization

| Immunization                                  |            | * Immunization Status  | * Action  | Notes |
|---|------------|--|---|-------|
| Date  | 10/07/2025 | <div> <div>Current</div> <div>Not Current</div> <div>Record not available</div> </div> | <div> <div>No Action Needed</div> <div>Educated on Recommended Schedule</div> <div>Referral Provided and Documented</div> <div>Educated on Schedule and Referral Provided and Documented</div> </div> |       |
| <div> <div>Add</div> <div>Remove</div> </div> |            |  |   |       |

| Immunization Status  | When to Use   | Action Choice   |
|----------------------|---|---|
| Current              | If a documented record is reviewed and status is current                              | – No Action Needed  |
| Not Current          | If a documented record is reviewed and status is not current                          | – Educated on Recommended Schedule<br>– Educated on Schedule and Referral Provided and Documented |
| Record not Available | If a documented record is not available, verbal immunization status is not acceptable | – No Action Needed <sup>1</sup><br>– Referral Provided and Documented                             |

<sup>1</sup>If caregiver indicates status is current but documentation is not available, it is appropriate to indicate No Action Needed and add a note in the Notes column indicating this information.

## Lead

| Lead  |            | Result  | Action   | Notes |
|---|------------|---|--|-------|
| Date  | 10/09/2025 | <div> <div>5 µg/dL or higher</div> <div>Less than 5 µg/dL</div> <div>Unknown</div> </div> | <div> <div>No Action Needed</div> <div>Referral Provided and Documented</div> </div> |       |
| <div> <div>Add</div> <div>Remove</div> </div> |            |   |  |       |

| Lead Test in Past 12 Months? | Result <sup>2</sup>                          | Action   |
|------------------------------|--|--|
| Yes                          | – 5 ug/dL or higher<br>– 3.5 ug/dL or higher | – Referral Provided and Documented<br>– No Action Needed |
| Yes                          | – 5 ug/dL or less<br>– 3.5 ug/dL or less     | – No Action Needed <sup>3</sup>                          |
| No<br>Unknown                | Blank  | – Referral Provided and Documented                       |

<sup>2</sup> Result can be verbal, documentation is not required

<sup>3</sup> If caregiver indicates Yes, lead test in the last 12 months and result is high, it is appropriate to indicate No Action Needed if being followed by health care provider and add a note in the Notes column indicating this information.
